SITUATION				
Current Situation:	No acreage growth today. Limited fire activity in all areas. Favorable fire weather conditions will continue Sunday night into Monday. Terrain and access will continue to challenge firefighting efforts. Our resources will also be assisting on the South Fire, which sits just to the west of the Red Bank Fire. Motorists should drive cautiously and always yield to emergency vehicles that are traveling on and off of the roads and highways. Fire danger remains elevated and everyone should continue to use extreme caution and refrain from daily activities that may spark a wildland fire. "Ready, Set, Go" is a user-friendly website that shows homeowners step-by-step instructions for hardening their homes and protecting their families from the dangers of wildfires.
